JOUETT'S CLOSE RACE.

Grand Lodge Meeting of Pythians at Frankfort.

Frankfort, Ky., Oct. 26.—The State capital is literally smothered in flags, streamers and bunting in honor of the visiting Grand Lodge, K. of P., which convened in the house of representatives yesterday.

A special train bearing Maj. Gen. Canabhan and the grand officers arrived at 10:30 and was met at the State house gate by the lodges of uniform rank. The Louisville lodge made an especially fine showing in the dress parade, which took in the principal streets of the city. Gov. Bradley delivered the address of welcome on the part of the State and was responded to by the Hon. Thos. B. Matthews, of Boone county. The Governor spoke only briefly, owing to an affection of the throat, but was roundly applauded by the 400 or 500 Pythians who filled the house hall and lobbies to overflowing.

Mayor Julian's 15-minute address of welcome on the part of the city was the big bit of the speechmaking exercises and lionized the mayor with all of his hearers. The Hon. Stanley Adams, Grand Chancellor, presented by Mr. M. B. Bowden, of Louisville, who, as usual, captivated both visitors and local people.

The annual election of grand lodge officers took place to-night and resulted as follows: Grand chancellor, J. B. Settle; supreme representatives, T. B. Matthews, Boone county; Chas. F. Munt, Louisville; grand vice chancellor, A. C. Green, Lexington; grand prelate, W. M. Powers; Carrollton, over John T. Horner, Covington; grand keeper records and seal, Wade Shelman, Louisville; over R. H. Conroy, Cynthiana, and John C. Thomas, Henderson; grand master of the exchequer, John E. Plummer, of Newport. The following were placed in nomination for grand master of arms: J. T. Horner, of Covington; Jonett Henry, of Hopkinsville, and J. B. Thornton, of Somerset. This election was postponed till to-morrow.

Frankfort, Ky., Oct. 27.—Most of the K. of P. officers were elected last night. Elections were completed this morning by the election of J. T. Horner, Covington, for Grand Master at Arms, in a hot contest, over Jonett Henry, of Hopkinsville, and J. B. Thornton, of Somerset; and by the election of R. L. Slade, of Berry, Grand Inward Guard, and Lee Owens, of Frankfort, Grand Outer Guard.

The Democrats of Louisville are united, aggressive and confident.

CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Registration Figures—Female Convicts—Killing in Trigg—Robbed—Court—Mill Burned.

Sent to the Work House.

Carrie Dulin, Mary Tandy, Lula Ogg, Eva Bacon, Mattie Mescham, and Fannie Goodrich, all colored, were taken to the work house Tuesday to serve out old fines. Their sentences range from 15 to 21 days.

Killing Near Roaring Springs.

Tom Tinsley shot and killed Tom Summers near Roaring Springs last Sunday. Tinsley claims that the killing was accidental. He was arrested Monday and lodged in jail at Cadiz. The parties are colored.

Now Mill Burned.

The sawmill and planing mill belonging to Mr. F. G. Ewing, a few miles from Guthrie, was destroyed by fire Tuesday night. About 2,000 feet of fine lumber was also consumed. It is thought that the fire originated from sparks falling in the shavings, or in the sawdust. The loss is estimated at \$2,000.

Slashed Him Twice.

Bad blood had existed between Will Roach and Will Jackson, two colored boys, for some time. They met Wednesday night near the corner of Eighth and Main and renewed the old trouble. Jackson struck Roach with a rock. Roach then drew his knife and cut Jackson twice in the side. The wounds were not serious and both of them were tried yesterday morning and each one was fined \$30 and costs.

Common Law Cases.

The Commonwealth's docket for this term of Circuit Court has been disposed of and only common law and equity cases will be heard during the balance of the term. The juries will be dismissed to-morrow.

The suit of L. E. Davison vs. Ed R. Bogard, which has been pending for nearly a year, was decided in favor of defendant yesterday. The plaintiff was represented by Mr. C. H. Bush and the defendant by Allensworth & Anderson.

The Biggest Excursion Yet.

Hopkinsville sent out the biggest excursion yesterday to the Centennial that ever left the city at one time. Four hundred tickets were sold here for the morning train and 150 more were sold the evening before. Many others were sold at other stations in the county. The accommodation had six coaches and the last train was run in three sections, making about 30 coaches in all. Another big crowd will go to day.

Seized and Robbed.

Owen Sullivan, of Fairview, while enroute home from Pembroke Wednesday afternoon, was seized by two negro men and robbed of \$16.05, all the money he had on his person. They suddenly sprang from behind a tree and one of the highwaymen held Sullivan while the other one went through his pockets. As soon as the robbery was committed the negroes fled. Sullivan did not recognize either of them and it is not likely that their names will ever be known.

Gospel Truth Meetings.

A series of gospel meetings, conducted by Evangelist Morton W. Plummer, of Boston, Mass., will commence at the Universalist church, in Hopkinsville, Ky., Wednesday, Nov. 3, 1897, the members of said church having kindly tendered the use of their house for this meeting. Bro. Plummer is a man deeply versed in the Scriptures, and the word of God will be wonderfully taught to believers, and the pure gospel presented to sinners in its simplicity. A feast of good things is in store for all having ears to hear and hearts to receive the truth. AUSTIN D. HICKS.

Judge Willis L. Reeves.

Present Circuit Judge, W. L. Reeves, of the Elkton district, who will retire from office Jan. 1, 1898, will shortly afterwards remove to this city to engage in the practice of law. Judge Reeves is a lawyer of ability and successful experience in his profession. He was formerly one of the leaders of the Democratic party in his district, but like some other good men he went astray two years ago and left the party and put behind him all hope of political honors. Judge Reeves is a gentleman of high social standing and his coming will greatly strengthen our local bar in ability. In numbers it is already much crowded, with more than fifty members.

Palma, the Cuban delegate to the United States, says the Cubans will enter into no compromise with Spain, but will continue to fight for absolute independence.

A BURNED PAPER.

All Kentucky Will Hear the Report of Murray's Political Bomb.

TAYLOR DEALS KNOCK OUT BLOW.

At the Breath Parker Tavern a Trillion, Shackelford a Winner, and Breathitt a Dead Duck.

THE BIGGEST CAMPAIGN EXPLOSION.

Murray, Ky., Oct. 25.—Such a political gathering was never seen in this quiet old town as assembled here to day, nor was such a political sensation ever sprung in Calloway county as the one that startled the assembled voters this afternoon. The announcement that James G. Bailey and Jo

the discomfort of the Republican letter had been printed in circular form with the following introductory, and thousands of them were scattered in the audience:

READ! VOTERS, READ!

The Bailey Parker Breathitt Combine Exposed

"That Republican money was the malleable behind the tide of the road-Parliament and Gold Democracy campaigns in the State has been believed for some time. Now and then evidence of a circumstantial but convincing nature has appeared to confirm the suspicion. Below is given the last link in the chain which fetters one, Jo A. Parker, a supposed middle of the road candidate for Clerk of the Court of Appeals, and by which he is led before the bar of public opinion to receive a just condemnation.

The greatest surprise to the Republicans was the presence of Mr. Taylor in the city. They did not want him to be here and yesterday a report was circulated by well known Democrats that he was in Lyon county and could not be at Murray. He remained Sunday at the residence of a friend, and when he walked upon the stand and faced the vast gathering of people that filled the court-house yard the countenances of Breathitt's lead

Cook from holding important meetings and issuing reports from various parts of the district. His election is now conceded and it is only a question of how much his majority will be.

The letter read b. Taylor will have many Populists to vote for Cook for their leader has been shown to be a traitor and working for individual gain alone. Until Taylor furnished the letter in his hands the Republican Chairman thought it had been destroyed. A hole had been burned in the top of the letter, which showed that he had attempted to burn it.

The partially incised incision was found on the streets of Murray by a small boy and placed in the hands of well known Democrats, and it proved to be the straw that broke Parker's back, for he could not deny the genuineness of the letter.

Murray to-day is decorated with flags and bunting. At the northeast corner of the square there is a streamer across the street that reads: "Tom Cook the Calloway boy. Our next Circuit Judge." Just over the speakers stand there is another banner bearing a like inscription.

The enthusiasm is great, and it is now predicted by Cook's friends that he will get at least 2,000 majority in Calloway and 1,000 in the district. But it is not alone in this judicial district that Taylor's bombshell will have its effect. It will drive thousands of Populists from Parker to Shackelford and insure the election of the Democratic candidate for Clerk of the Court of Appeals.

A ROMANTIC TINGE.

The Love That is Kindled in Childhood's Happy Days

LIVES FOR MANY YEARS TO COME

Jerome Johnson, After Eight Years of Separation, Finally Married the Sweetheart of His Youth—She Was a Widow.

That love will find a way is illustrated in the marriage of Jerome Johnson and Miss Susan Barlow, which occurred in this city Saturday night, says the Evansville Courier.

The bride and groom loved each other when they were children. They attended school at Central City, Ky., and at recess and after school it was their custom to take quiet walks through the shaded boughs and talk of the future, which to them was full of promise.

When the young lovers left school they were engaged to be married. The young lady moved into another state and finally located in Evansville. That was eight years ago.

She apparently forgot the young man to whom she had pledged her love in the old Kentucky home, and shortly after coming to this city married another.

When Johnson received the intelligence that his sweetheart had married his heart was broken, but he did not despair. He went to work, determined to live for the love which had been. He secured a position with the old Ohio Valley railroad. He is at present brakeman on the Illinois Central.

Years passed and Johnson still remained single. He did not forget the days of his earlier life and lived on the memories of the past. He could not forget his early love, strive as hard as he might. In his dreams he saw the face of the fair one whom he had determined to love when a mere boy. He is now 30 years old.

Mrs. Barlow's husband died about a year ago and was buried here. Shortly after her husband's death, Mrs. Barlow received a letter from Johnson, whom she had not seen since she was a rosy cheeked, blushing girl, happy and contented without a care. In her benevolent letter brought consolation and cheer to her, and like a dream the past all came back to her.

She answered the letter and soon received another. A correspondence sprang up between the lovers, Johnson proposed and was accepted. He came on to this city to claim his bride.

Johnson arrived in Evansville Saturday. He sought the home of Mrs. Barlow. She met him at the door and embraced followed and with her hand resting on the head of the man she loved and her hand in his she promised to love him as she had loved him once. For an hour they lived the past over again. In their imagination they saw the old school building in Kentucky, and in their fancy they were walking arm in arm in their favorite places as of years ago.

It was decided to marry immediately. They secured a marriage license and of 9 o'clock were married in the church by Judge John E. O. Poole. —Hawkins & Glasgow.

THE PULLMAN MILLIONS.

There is Much Speculation As to Mr. Will. Chicago, Oct. 25.—What is to be done of George Pullman's \$300,000,000? Did he leave that much? and questions of that sort are being asked on all hands. The property left is so vast that it may take several days to estimate its value as the law requires. All sorts of stories are current in financial circles over the Pullman will.

It was said positively that the estate was not worth over \$30,000,000 or \$25,000,000. Some well known LaSalle street news, however, say that George M. Pullman's income averaged \$10,000,000 annually for a number of years. Mr. Lincoln said to day that there were a great number of public bequests, but refused to give them out. Neither of the executors of the will would confirm or deny the statement that Mr. Pullman had disbursed his sons, George M. and Sanger W. Pullman. Neither of the young are said to be violently drawn toward a business career. And for that reason it has been declared that the bulk of the property is left to the widow and Mrs. Frank Lowden, daughter of the deceased. The property of the young for a large amount is it also said. According to one report, Mrs. Frank Lowden, of San Francisco, one of the dead millionaire's daughters, will receive not to exceed \$2,000,000.

KLONDIKE SITUATION.

Dawson Has a Large Population and Little to Eat.

Washington, Oct. 25.—Letters and telegrams received at the War Department to day indicate a bad state of affairs in the Klondike country. Dawson City has a small supply of provisions and a large population. P. B. Ware, President of the North American Transportation and Trading Company, has written to Secretary Alger that the residents of Dawson were informed of the failure to get provisions through to them. He says that the news got there by Sept. 15, leaving time for those who had no supplies to get down the Yukon River to St. Michaels, where provisions were plentiful.

Shot Five Times.

Clarksville, Tenn., Oct. 25.—Elmo Clark shot James Franklin five times with a revolver yesterday at camp on Bear Springs railroad in Stewart county, killing him. They disputed over a woman. Offord claims self-defense, but the Coroner's jury decided it was willful murder. Offord escaped.

Horses Standing in Streets.

In Chicago a card is published bearing on one side the ordinance giving the right of way to street cars, and on the other a picture showing the proper position for vehicles left standing in the street. When the vehicle is left against the curb, the stone horse should be turned so as to stand looking in the direction the cars are going—not coming—on the nearest railway track. Then, should the horse start forward as a car passes, the car will hit the shafts from behind and no damage is likely. If, on the other hand, the car strikes a shaft pointed in the opposite direction, the shaft will run into the car, and a smash-up and probable injury to passengers is likely. The placing of the horse in position so as to move with the car is well worth the careful attention of drivers.

"Don't borrow trouble, Jack. What's the use?" "Borrow trouble? Who said I was borrowing trouble? I've got trouble to lend."—Chicago Record.

"What is the worst thing about riches?" asked a school-boy. "Their scarcity," he replied, and was immediately rewarded with a prize.—Tit-Bits.

—Tommy (whose questions have been legion)—"Pa, where did Adam get the names for all the animals?" Father (absently)—"From the dictionary, of course."—Judge.

Miss Cortright—"What do you think of a man who will marry a woman for money?" Mr. Spooner—"All I can say is that such a fellow must be hard up."—Cleveland Leader.

—Leader (of vigilantes)—"We're going to lynch you, but we'll give you the choice of the way it's done." Horse-thief—"Oh, thank you, gentlemen, thank you! You may lynch me in effigy!"—Chicago Tribune.

"The theater-hat crusade has added a lot to the expense of managers." "In what way?" "Why, now that the scenery is in plain sight of the audience, it is necessary to have it of better quality."—Chicago Evening Post.

—Chronic Patient—"Doctor, what do you consider my worst trouble?" Physician—"My friend, to be entirely frank, the worst trouble there is about you is that it takes too long a time to call a bill from you."—Chicago Tribune.

—Mixed Formula.—Hawkins—"I won't let a church sexton have charge of our wedding." Miss Bliss—"Why?" Hawkins—"When Tompkins married the woman he was in love with, she began to sob on the 10th instant."—Harlem Life.

HEADQUARTERS
Republican
Executive Committee
OF KENTUCKY.

K. J. HAMPTON, Chm. R. L. GATHWINE, Sec. R. H. DORN, Treas.
Winchester, Ky. Anchorage, Ky. Louisville, Ky.

Louisville, Ky., Oct. 14, 1897.

W. B. Graham, Murray, Ky:

My Dear Sir:—I am in receipt of your letter of October 12 and have announced a joint debate between Parker and Bailey on the 25. I am satisfied that the speeches there will do great good, because Parker preaches middle-of-the-road doctrine from the shoulder and is fighting Democratic and Populist fusion. Confidentially, I had a long talk with Parker last night about this, and he is very anxious to get out in that county and see Mr. Keys and get him interested. PARKER IS HIMSELF FOR JUDGE BREATHITT and will urge his friends to vote for him—also your county ticket. If you will give them a great crowd and let them hear Parker and Bailey, I am satisfied it will do lots of good.

I have it from a very reliable source—a Democrat, by the way—that the Democrats are going to steal all the votes they possibly can. He came to me with this warning statement, that I had best look after it. Now, I would suggest to you that you give special attention to the Tennessee border line, to allow no repeating, and appoint challengers who will stand up and fight for our interests if you cannot get a good election board.

The prospects are good for a victory and I hope to hear good reports from your section of the State, and will expect you to keep Shackelford's vote down to 1,000. (Signed,)

K. J. Hampton.

A. Parker, Republican and Populist candidates for Clerk of the Court of Appeals, would speak here brought out some of the crowd and the fact that the hard fought battle for Circuit Judge between Judge Thomas P. Cook, of this place, and James Breathitt, of Christian county, was drawing to a close drew others to Murray.

Ollie James, the Crittenden county giant, is also here and many came to hear him set up a few Republicans for afternoon lunch. Other notable speakers were billed to be here, and there are at least 5,000 voters in the town of Murray.

Parker and Bailey spoke this morning, and at the close of their speeches the great political sensation was sprung on the crowd.

Now L. K. Taylor, of Paducah, walked upon the stand and read a letter, a fac simile of which appears in these columns.

When Mr. Taylor had finished the immense crowd went wild with enthusiasm and made the old town ring with their yells for Democracy. Such a political scene was never before witnessed in this county. To add to

ers fell, for they expected something to drop, and it did drop. After having read the letter Mr. Taylor devoted an hour's speech to denouncing Jo A. Parker for being a traitor to Populism, silver and Democracy, and secretly working to aid the Republican State ticket. He showed that gentleman up in a bad light and caused what few supporters he had here to abandon his cause. The speaker showed that Parker had assisted the Republicans to get hold of Kentucky and also proved beyond a doubt that he wrote a letter to W. J. Edgington, member of the Legislature from Ballard and Carlisle, urging them to vote for Hunter for United States Senator. Mr. Taylor read this letter, also, and showed how Parker, in his paper at Louisville, had printed several words in the letter in order to change the entire meaning of the letter, changing the word "into" into "win." The original copy is yet in the hands of well known Populists and the comparison between the original and the one printed in Parker's paper is sufficient proof that he has proven himself a traitor.

Judge Breathitt remained here yesterday and had frequent hurried interviews in his room with his Master Commissioner and a few other influential persons. He was in the committee on the next day, but he did not keep the friends of Judge

Nobody is now claiming that Judge Brethitt will be elected.

Bourke Cochran has landed in the Republican party and will take the stump for the Tracy ticket in the Greater New York campaign.

Hopkins county is to be congratulated. The county has finished paying off its railroad debt and the tax rate has been reduced from fifty to thirty cents.

Mr. S. C. Mercer has closed a trade for the fire works display at Mercer park within the next week or two, the exact date being still undetermined. The program will be out in a few days.

Capt. John C. Dabney says in a letter to the Murray Ledger that Trigg will give Cook 40 majority. And Lyon—well, just wait till you hear from little Lyon.

The Nashville Centennial will close to-morrow, and the closing days are witnessing the greatest crowds of the show. The attendance to-day and to-morrow is expected to aggregate 100,000 people.

Things are at a white heat down in Caloway. Cook's friends will not be satisfied with a vote less than 2,000 majority. Indications now are that Cook will come to Christian county with 2,500 majority.

The yellow fever report of Wednesday showed that the disease now prevails in 26 cities and towns. There had been 3,728 cases and 265 deaths all told. No improvement is looked for until cold weather, which may not come for several weeks in the South.

There is a bit fight in progress in Gov. Buckner's county. Hart gave 46 majority for McKinley. This year there are two fusion tickets. Democrats and Populists are under the roster and Republicans and Nationalists under the log cabin.

The County of Appeals has decided that county clerks are compelled to put the names of nominees on the official ballots, no matter if all of the directory requirements of the election law have not been complied with. In other words technical errors in certificates do not invalidate them, if the main facts are clearly set forth.

McKinley did not have the nerve to let Hanna's deal with the Union Pacific road grabbers stand. Such a claim was raised by the newspapers over the threatened robbery of the government to the extent of \$20,000,000 that the sale has been postponed from Nov. 2 till Dec. 15, and a new syndicate will bid for the property and make it bring its value.

Judge Cook has made a gallant fight. He has proven himself a leader the people delight to follow. Wherever he has gone he has managed to secure an advantage over his opponent and leave his followers filled with confidence and enthusiasm. He deserves to win and he will win. His vote in Christian county next Tuesday will surprise the whole district.

Let every Democrat in Christian county go to the polls next Tuesday and do his full duty. The county ticket has victory within its grasp. There are 3160 Democrats in this county and if all or them vote next Tuesday the entire reform ticket will be elected. Be sure to vote and see that your neighbors vote.

Vau Wyck, the Tammany Democrat, has a clear and strong lead in the fight for Mayor of New York. Low is next and George third. Tracy, Republican, is considered out of the race and the Low organs are charging that Platt will throw Tracy's strength to Vau Wyck, as the result of a deal. Bets are 5 to 3 in favor of Vau Wyck.

Charlie Wheeler is speaking in Trigg county this week. He will close at Cadiz to-morrow.

Lee W. Campbell's Envious Record.

Twenty years a salesman, and during the entire period representative of but two different firms. Few salesmen can show such an enviable record, yet such is the proud claim of Lee W. Campbell.

As early as 1876 Mr. Campbell associated himself with the Gineckee Shoe Co., and rendered this concern excellent service until they retired from business about twelve years ago. He then linked his fortunes with Blacker, Gentile & Co. of this city, and has been with this house through its successive changes, it now being known as Krohn, Fecheimer & Company.

Although his home is in Kansas City, Mr. Campbell is a native of Hopkinsville, Kentucky, and a perfect thoroughbred—big pardon, I mean a thoroughbred, all round gentleman and salesman.

Mr. Campbell represents the well known Krohn, Fecheimer & Co. of Missouri, Colorado, Kansas, Nebraska and Oklahoma. It is safe to say there are few shoe men through out this Western territory who have not felt the influence of his persuasive eloquence and we doubt not that there were a vote taken as to the most popular salesman traveling the above States, Mr. Campbell would be given a larger majority than McKinley in the last election—Cincinnati Leather Recorder.

An Abscess

In the Stomach Caused Great Suffering—Was Confined to the Bed But Now Able to Work.

"In October, 1893, I had an abscess in my stomach. I was almost dead with pain and coughed very badly. I was treated by physicians but did not improve. I gave up all hope of ever getting well. My right side was swollen and I was not able to walk across the room and was confined to my bed. I was advised to try Hood's Sarsaparilla and began taking it. In three days I could see a change for the better. I kept on taking Hood's Sarsaparilla until I had taken four bottles and continued to improve. I am now able to do a good day's work on the farm." M. E. MANN, Demosville, Kentucky.

NO IMPROVEMENT.

Yellow Fever Now Has a Firm Hold at Memphis.

New Orleans, Oct. 27.—The yellow fever situation here shows no improvement. The record for the day is fifty-two new cases and eleven deaths. The number of deaths equals the highest so far reported for any one day.

Total cases to date are 1,321, and total deaths 150. There are now under treatment 539 cases.

The situation elsewhere is as follows:

Scranton, Miss.—Nine new cases and one death.

Pascagoula—Two new cases.

Baton Rouge—One new case.

Biloxi—Twelve new cases.

Hay St. Louis—Five new cases.

Memphis—Two new cases and one death.

Mobile—Four new cases and two deaths in the city and one in the suburbs.

There are two new cases reported at Cayuga, Miss., and one at the Hopkins county convict farm, near Haymond, Miss.

On account of the prevailing warm weather, the health authorities of Jackson, Miss., have rescinded their order admitting residents of that city on and after to-morrow.

Memphis, Oct. 27.—The yellow fever situation to night is about the same as it was yesterday.

There are four new cases, with two deaths to day.

Several cases are under suspicion. The manufacturing people are leaving quite freely, but there is very little stir or exodus among the business element. A good many are taking the precaution to send their families away.

The weather is cloudy and rain is expected to-night.

The Total Registration.

The supplemental registration Monday, Tuesday and Wednesday resulted in the addition of 111 names to the lists, 4 more than were registered by affidavit last year. Of these, 72 were white and 39 colored. They are divided by precincts as follows:

In No. 1, 23 white, 6 colored; No. 2, 8 white, 3 colored; No. 3, 25 white, 10 colored; No. 4, 19 white, 3 colored.

These additions bring the totals up to the following figures:

	White	Colored	Total	Last Year
No. 1—C. H.	208	115	323	298
No. 2—Windsor's 48	298	300	598	598
No. 3—P. O.	309	278	587	587
No. 4—Gather's 190	28	548	578	578
	803	651	1,454	1,388

Last year there were 910 white and 628 colored. There is a gain in the colored vote of 13 and white loss of 8 votes.

There is unusual variety of exceptionally interesting material in the November Scribner's. The opening paper, the seventh of the "Conduct of Great Businessmen," is by William Allen White, author of the famous article on "What's the Matter with Kansas?" and the delightful stories of "Boyville." It deals with "The Business of a Wheat Farm" and is the first adequate account of the great business forms of the West, whose annual product is such an important element in the rise and fall of wheat prices. Mr. White has studied them not only for the purpose of accurate description but in terms of acres and bushels and dollars, but with an eye also for the picturesque and varied human aspects.

W. R. Leigh, the artist, who visited the region especially for the magazine, has made a number of graphic and spirited pictures that give a very clear impression of the lively scenes here, the wide extent of territory covered, and the great number of machines, men and horses employed during the busy season.

Libel Suit for Political Charges.

Hawesville, Ky., Oct. 27.—County Judge J. S. Adair to day filed suit for \$10,000 damages against the Owensboro Messenger for publishing a statement concerning him recently in which he was charged with a conspiracy, embezzlement and corruption in office.

The famine in Cuba is constantly growing more serious. It is now admitted that 68,000 people have died of starvation, and women and children are selling their hair. Half of the population of Cuba has disappeared since the war began.

Sam Jones has made a date at Owensboro for Jan. 2, 1898.

CATHERING IN THE CONVENTS.
The Good Effects of the Sam Jones Revival
Now Apparent.
Every church in the city and sev-
eral in the county have been bene-
fited by the Sam Jones meeting held
last week, as evidenced by the addi-
tion to the membership of the vari-
ous churches. Cards containing the
names and addresses of over 200 per-
sons who say they have determined
to lead better lives have been received
by the pastor of the city churches.

The Rev. J. M. Salles, pastor of the
Baptist church, has received 65 of
these cards. The First and Second
Presbyterian churches each second
with 54, and the Methodist church 50.
The Episcopal 12. The remainder of
the cards are in the hands of the
Cumberland Presbyterian and Roman
Catholic churches.

The meetings being held in the
various churches in the city are being
liberally attended and considerable
progress manifested.
The total collections taken up dur-
ing the meeting amounted to \$1,650,
which was distributed as follows:
Jones, Stuart and Tillman, \$810; to
the Y. M. C. A., \$750; incidental ex-
penses, \$100.

Rev. J. W. Turner, pastor of the
Trinity Methodist church in Evans-
ville, will arrive tomorrow to assist
Mr. Browder the remainder of the
week. Dr. W. K. Puer of Hopkins-
ville, has written Mr. Browder that
he will help him in the meeting next
week.—Gleaner.

Convent Parents.
Princeton, Ky., Oct. 27.—Mat and
Joseph Blakey, a Frenchman, and
Jago for attempting to poison the
family of L. V. Pollard by throwing
poison in the well, were arraigned in
the Circuit Court. They both
pleaded guilty, and were given two
years in the penitentiary. They have
a young baby, and a very pathetic
scene occurred when mother and
baby were separated.

Wheat at Chicago again went over
the 95c mark.

suicide by hanging herself with a well
rope near Cythiana, Ky. She was

left for parts unknown.

Judge Ritchie holds that ex-con-
victs convicted before or since the new
Constitution went into force have
no right to vote, and Democrats claim
this will kill nearly 300 Republican
votes.

Chief of Police Killely, of Chicago,
discharged 434 policemen convicted
and appointed a similar number of
ex-police who had been dis-
charged by a Republican administra-
tion.

Mr. Z. W. Bugar, one of the best
known men and oldest lawyers in
Ballard county, died Monday after-
noon at 6 o'clock at his home in
Wilhelms. A complication of dis-
eases, together with old age, produced
death.

Democratic Score at Point.
Frankfort, Ky., Oct. 26.—The Dem-
ocratic nominees in Wolfe county
went to their fight against the County
Clerk, who refused to place their names upon
the election ballot. The County Ap-
peals will to-morrow morning hand
down an opinion affirming the lower
court and the Special Judge's ren-
dering in the case. The latter with the
agreed facts and other records, were
submitted on briefs to the court at a
day's session, and advanced. In con-
sultation this afternoon, the court, by
a majority of three, has rendered an
unanimous vote, decided to affirm the
case, granting the mandamus against
the Clerk and directed the writing of
an opinion in accordance with this
decision, to be handed down to-mor-
row morning.

Separated by Death.
Somerset, Ky., Oct. 26.—Capt. Wm.
Hudson, a former resident of this
place, died at Rich Hill, Mo., the

the Twelfth Kentucky during the
late war. He and his wife visited
the World's Fair together, and had

was quite wealthy, owning several

Stanford, Ky., Oct. 27.—The special
trial hearing Candidate Bailey,
Debo's Hunter, and others arrested
here late last night and was greeted
by a large crowd. Judge Denney
was the principal speaker. Debo's

the laugh on him, but the majority of
the crowd didn't see the point.

000—Fair Estimate.
Chicago, Oct. 27.—The total value
of the Pullman estate is shown by
the petition for letters testamentary
to be \$7,400,000. Of this amount
\$8,800,000 is the Attorney General's
claim, which he says these figures
are a conservative but fair estimate
of the value of the estate.

Married Nearly 1,000 Couples.
Crawfordsville, Ind., Oct. 26.—Eld.
Mathis Mount Van Cleave, one of the
best known ministers of the old school

born in Kentucky in 1810, but had
lived in Crawfordsville since 1821.

was decidedly an unique character.

was so chagrined over his shameful
exposure here, that he canceled all
his Marshall county appointments
this afternoon and left for Louisville,
going all the way around by Nash-
ville, Tenn., to get out of this section
as quickly as possible.

He Lived Long.
Mr. John L. Peyton, the oldest man
in Madisonville, and perhaps in Hop-
kins county, died at his home, yester-
day morning. He was over 90 years
of age. Our people all knew him,
hence we feel that it is unnecessary
to say anything further than that he
is no more of this world.—Herald.

The Stormy Gulf.
The Gulf of Mexico is a water of
storms, not frequent, but frequently
violent. It is, in effect, an immense
scallop cut from the land, and hurricanes
can seem to ravinate it naturally.
They are born in the neighborhood
of the Sargasso sea, strike the West
Indies and not infrequently leave
those islands a tangent, just as a ball
thrown at an obtuse angle against a
wall slides along it for a little space
and again seeks vacancy. These er-
atic forces of the air strike the coast
of Mexico, or the coast of Texas, ac-
cording to their angle, and death is in
their tracks. The things called "tidal
waves" in that section are not really
tidal waves. They are not caused by
an upheaval. They are merely local
in effect. They are not vast walls of
water moving with resistless speed
and weight over the face of the ocean.
They are the waters heaped up against a
low coast by wind pressure and they
overflow. In many instances the
submergence is gradual and ample op-
portunity for escape is given. Other
times the violence of the air makes
them sudden and people are drowned.

THE Great Secret HOW TO SAVE MONEY.

...FIX THIS IN YOUR MIND!...
We have one of the largest stocks of goods ever brought to
Hopkinsville and on the account of the continued hot and dry
weather we find ourselves here in the middle of October with en-
tirely too many winter goods. After thinking over the matter ser-
iously we have decided to throw this immense stock on the market
at unheard of prices, which will give you one of the greatest oppor-

Woman Author of A Problem Novel.

"Smoking Flax" is the title of a story whose author is Hallie Erminie Rives, a gifted young Kentuckian, who is a connection of Amelie Rives, the famous author of the most sensational novel of its time, "The Quick or the Dead?"

Miss Hallie Erminie Rives has written a number of successful romantic stories which are better known in the South than here. Miss Rives also enjoys the distinction of having had her portrait chosen from among hundreds of likenesses of beautiful Southerners as the most typically lovely embodiment of the Blue Grass woman. Miss Rives has written a number of prize stories. Her latest literary venture finds a New York publisher and will doubtless create much discussion, inasmuch as it deals with the Lynch law question.

The accompanying photographs were taken by the Sunday World's photographer, and show Miss Rives in familiar attitudes as she appears in her New York home.—N. Y. World.

Exposition's Last Week

The Tennessee Centennial Exposition will positively close to-morrow Saturday, October 30th. For six months it has been running with an unbroken record from day to day, and now comes the time when there have been going there from week to week from every State in the Union. From not a single one of the two million visitors has there been heard anything but praise of the Exposition, and admiration of the pluck of a city of one hundred thousand people that could produce such a show at such a time.

During this week every day will be a big day, and while Thursday and Saturday being President Thomas Day and the Closing Day respectively, will have the largest crowds in attendance, there will be no day when the grounds are not thronged with visitors. The many thousands of people who have been putting off until the last to visit this great Exposition have but two days now left to decide, and all those who do not go will feel regret for the rest of their life. It is an education in itself to see the wonderfully varied exhibits in the many large buildings and especially an education to Tennesseeans to see the products of their own State so grouped and arranged that a child can understand their wonderful variety and richness.

Every night of the last week there will be a grand fireworks display. Each day of the two closing days should see, among the untold thousands who will be here, a large proportion of Tennesseans.

The grounds themselves are now at their best, millions and millions of blooming flowers making the landscape bright and loading the atmosphere with perfume. The exhibits have long since been completed.

The Bell City Railroad line gives two great concerts daily, either one of which is worth more than the price of admission. It is an opportunity of a life-time for all who have not been.

For Bennett Library Association.

Polk Miller, Oscar Sisson and Ester Wallace, will make an extensive tour of the North and South during this season. Messrs. Lesth and Smith, under whose management the tour of stars will be this season, have made no less a station in making their tour include every city of importance that they have made in the past as individual stars, warrants that their association with money and entertainment that will meet with praise and success everywhere.

Mr. Miller has through his careful study of the negro and his characteristics developed a sketch that has made his staunch reputation, and given him imitators on the vaudeville stage. Mr. Miller carries the most favorable endorsement of all the prominent critics and editors of the country. His part of the entertainment is the study of the negro and his characteristics. He tells, in a delicate, convincing dress, many amusing stories of the different personages he has met in his tour.

Oscar Sisson and Miss Ester Wallace, his fair and pretty partner, have a high standing upon the legitimate stage where they have become recognized stars. As a counter piece to it entertainment they produce a one reefer comedy that is vainglorious with many catchy songs and dances, and the audience that are witty to the point.

Miss Wallace has a strong and healthy mezzo soprano voice that is only one of the many charms of the vivacious young couple. At the Opera House, Wednesday, Nov. 3, Library Association. Tickets at Galbreath's; 75c, 50c, 35c and 25c.

ADVICE TO THE W. C. T. U.

Physical Culture Lecturer Endorses Paine's Clery Compound.

Miss Lucy H. Hitchcock, lecturer, department of physical culture, Woman's Christian Temperance Union, Vermont, wrote on May 16, 1897:

"It affords me pleasure to add my testimony with others regarding the healing effects of Paine's clery compound upon an exhausted nervous system."

Aug. 12, 1897, she wrote: "As a rule I do not endorse medicine, but I believe Paine's clery compound to be of a different order from the ordinary medicines. Facts cannot be disputed. I have derived so much benefit from the compound that I am glad to heartily recommend it, hoping others similarly afflicted may be relieved. Any medicine that will relieve suffering humanity is a blessing to the world."

A blessing to the world: Paine's clery compound has been proven to be the one great remedy that really makes people well. This estimable woman, whose Christian work is earnestly directed toward the betterment of others, and whose eminence in the W. C. T. U. makes her advice of great value, plainly indicates Paine's clery compound.

The amount of poor health on every hand is something that is a source of grief to all. Hundreds of men and women in every neighborhood are today carrying about with them a needless load of ailments that a thorough refreshing of the nerves, a purifying of the blood, more sleep and more regularity in the bodily functions would completely do away with. Paine's clery compound will do all this for sick and ailing men and women.

Rheumatisms, rheumatism, neuralgia, lifeless feelings, and debility cannot persist when intelligently met and corrected by this great of nerve and brain strengtheners. No remedy ever took the confidence of so large a body of suffering men and women as Paine's clery compound.

A "here-say" reputation may do for other remedies; Paine's clery compound is best known from the mouths of men and women whose it has made well—they are in every city, town and village in the country.

No one can pass the newspaper bulletins without being reminded by how slight a thread the best of men hold on to life. The slight use and down in health from which people recover make them forget that there is a limit to the body's elasticity and endurance. The habitually exhausted nervous system as feel less its power of recovery and offer resistance to disease.

"Prevent disease," is the watchword of the best medical thought of today. Careful self care must not wait until they are flat on their backs as people once did. The more intelligent part of every community has found out the inestimable benefit to be derived from Paine's clery compound, when one is worn-out from being tired and "out-of-sorts."

The little life, the beginning of neuralgia and rheumatism, the "all-gone" and tired feelings show the immediate need of purifying the blood and refreshing the nerves. The direct and energetic way Paine's clery compound restores sick and nervous headaches, dizziness and heart troubles, as it does all other nervous disorders, has compelled the admiration of the medical world from the start.

Headaches, rheumatism, neuralgia, lifeless feelings, and debility cannot persist when intelligently met and corrected by this great of nerve and brain strengtheners. No remedy ever took the confidence of so large a body of suffering men and women as Paine's clery compound.
